RE: GARRETT COUNTY TRANSPORTATION PRIORITY LIST - 2020

Dear Secretary Slater:

In response to Maryland Department of Transportation's (MDOT) annual request for County priority projects, Garrett County submits its 2020 Transportation Priority List

The County appreciates the progress on the US 219 N reconstruction/realignment project. We request that you continue onto the next phase of the project by acquiring needed rights-of-way in anticipation of continuing the construction to the Pennsylvania line when the State of Pennsylvania is ready to do so. This includes NEPA and preliminary engineering that will need to be underway and matching final design, rights-of-way acquisition, and construction funding will need to be identified

Our transportation vision is ***to link municipal revitalization to pedestrian and biking opportunities through an enhanced transportation system thereby stimulating economic development, increasing alternative transportation options, encouraging healthy lifestyles, decreasing traffic pollution and highlighting the region's natural resources.*** We believe that MDOT fully supports our vision and will assist us in achieving our goals.

The attached detailed list highlights all priorities, but our #1 priorities are listed below.
