

North Glade Run Stormwater Assessment

Thank you for coming out to tonight’s public meeting. In order to better serve our community and understand the needs of our residents, we are asking that you complete this very short survey.

1. Do you live in the Deep Creek watershed? Yes No Don't know
2. Does stormwater runoff leave your property? Yes No Don't know

We are now going to ask you a few questions about two popular stormwater best management practices (BMPs) that can be implemented by a homeowner.

Rain barrels are devices that are placed at the end of downspouts to collect rainwater and store it for later uses by the homeowner.

3. Do you have a rain barrel?
 Yes No

If NO, why? (Please check all that apply):

- I don't know much about them.
- I don't have any plants to water.
- Rain barrels cost too much.
- I don't know where to get one.
- It's too much effort/time.
- I don't know how to install a rain barrel.
- Rain barrels are unattractive.
- Rain barrels attract mosquitoes.
- I don't think that my small action can make a difference.
- Other: _____

A rain garden is a planted depression in the landscape that collects and allows rainwater

runoff from impervious surfaces to be absorbed.

4. Do you have a rain garden?
