

Policy 2005-1

Capital Projects

1. Capital projects for upgrades to existing sewer collection and conveyance systems or capital projects for new systems shall be reviewed by the County in accordance with the provisions of Title 9, Subtitle 6, of the Environment Article of the Annotated Code of Maryland (the “State Code”). The County, in its review, will determine whether, in its discretion, such projects are feasible financially and from an engineering perspective.
2. In the event that the County determines that an upgrade to an existing system or new system is feasible financially and from an engineering perspective, the determination of which projects, if any, will be constructed shall be made by the County as the governing body of the District, in accordance with the provisions of the State Code.

This act shall take effect on the 8th day of March, 2005, upon having been duly executed by the Board of County Commissioners of Garrett County, Maryland, at a meeting held on the 8th day of March, 2005

**BOARD OF COMMISSIONERS OF
GARRETT COUNTY MARYLAND**
