Notes: Sunrise Sanitation - In 2012 Sunrise saved Garrett County a total of approximately \$13,000 in recycling freight (93 loads @ 22.4 miles from 3849 Underwood Rd to Sunrise's Thomas Recycling Processing Center at \$6.24 per mile = \$139.78 per load) for monthly recycling bids awarded. County just paid freight from sites to 3849 Underwood Rd only and Sunrise trucks transported from 3849 Underwood Rd to Thomas at "No Cost" to the County. This savings calculates to approximately .63 cents per mile savings. Therefore, Sunrise respectfully request the County to factor this number into Sunrise's new bid. If this is overlooked and any other hauler is awarded the new contract the County could very well be paying considerable more for having the monthly recycling bid awarded to Sunrise for the added mileage to Thomas. Thank You
