ARTICLE 3-SOURCE SELECTION AND CONTRACT FORMATION

Part A-Methods of Source Selection

§3-101 Competitive Sealed Bidding. (Dollar Value of \$15,000 or More)

(1) **Conditions for Use.** All purchases valued at \$15,000 or more (§30.21 A of the Garrett County Code) by the County shall be made by competitive sealed bidding except as otherwise provided in Sections 3-102 (Competitive Sealed Proposals), 3-103 (Competitive Price Quotes), 3-104 (Competitive Price Quotes), 3-105 (Small Purchases), 3-106 (Sole Source Purchases), 3-107 (Emergency Purchases), 3-109 (Purchasing of Used Equipment), 5-401 (Public Announcement and Selection Process) and Article 10 (Cooperative Purchasing) of this Policy.

(2) **Invitation for Bids.** An invitation for bids shall be issued and shall include specifications, and all contractual terms and conditions applicable to purchasing.

(3) **Public Notice.** Adequate public notice of the invitation for bids shall be given a reasonable

time, not less than thirteen (13) calendar days prior to the date set forth therein for the opening of bids. Such notice shall include publication in a newspaper of general circulation for a minimum period of two (2) weeks from the scheduled bid opening. The public notice shall state the place, date, and time of bid opening.

(4) Bid Opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid, and such other relevant information as the Purchasing Department deems appropriate, together with the name of each bidder, shall be recorded and tabulated. Each bid tabulation shall be open to public inspection in accordance with Section 1-301 (Public Access to Purchasing Information).

(5) Bid Acceptance and Bid Evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Policy. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life cycle costs.

(6) Correction or Withdrawal of Bids; Cancellation of Awards. Correction or withdrawal of inadvertently erroneous bids before or after bid opening, or cancellation of awards or contracts based on such bid mistakes, may be permitted where appropriate. Mistakes discovered before bid opening may be modified or withdrawn by written notice received by the Purchasing Department prior to the time set for bid opening. After bid opening, corrections in bids shall be permitted only to the extent that the bidder can show by clear and convincing evidence that a mistake was made, the nature of the mistake, and the bid price actually intended. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the County or fair competition shall be permitted. In lieu of bid correction, a low bidder alleging a material mistake of fact may be permitted to withdraw its bid if:

- (a) the mistake is clearly evident on the face of the bid document but the intended correct bid is not similarly evident; or
- (b) the bidder submits evidence which clearly and convincingly demonstrates that a mistake was made. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the Purchasing Department.

(7) Award. The Board of County Commissioners will officially act on the recommendation for bid award presented by the Purchasing Department during their weekly public session. The contract shall be awarded with reasonable promptness by appropriate written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids. No contract shall be awarded to a bidder that is in arrears to the County on any debt, contract, or is in default on surety to the County. All contractors, insofar as legal and practical, will be required to have a Garrett County Trader's License or any other applicable state or local licenses. In the event the low responsive and responsible bid for a construction project exceeds available funds as certified by the Director of Finance, and such bid does not exceed such funds by more than five percent (5%), the Purchasing Department is authorized, when time or economic considerations preclude re-solicitation of work of a reduced scope, to negotiate an adjustment of the bid price with the low responsive and responsible bidder, in order to bring the bid within the amount of available funds. Any such negotiated

adjustment shall be based only upon eliminating independent deductive items specified in the invitation for bids.

(8) Multi-Step Sealed Bidding. When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been determined to be technically acceptable under the criteria set forth in the first solicitation.

§3-102 Competitive Sealed Proposals. (Dollar Value of \$15,000 or More)

(1) Conditions for Use. When the Purchasing Department determines that the use of competitive sealed bidding is either not practicable or not advantageous to the County for purchases valued at \$15,000 or more (§30.21 A of the Garrett County Code), a contract may be entered into by use of the competitive sealed proposals method.

(2) Request for Proposals. Proposals shall be solicited through a request for proposals.

(3) Public Notice. Adequate public notice of the request for proposals shall be given in the same manner as provided in Section 3-101(3) (Competitive Sealed Bidding, Public Notice); provided, the minimum time shall be thirty [30] calendar days unless the Purchasing Agent agrees to a shorter duration based on the nature of the purchase. Such notice shall include publication in a newspaper of general circulation for a minimum period of two (2) weeks.

(4) Receipt of Proposals. No proposals shall be handled so as to permit disclosure of the identity of any offeror or the contents of any proposal to competing offerors during the process of negotiation. A register of proposals shall be prepared containing the name of each offeror, the number of modifications received, if any, and a description sufficient to identify the item offered. The register of proposals shall be open for public inspection only after contract award.

(5) Evaluation Factors. The request for proposals shall state the relative importance of price and other evaluation factors.

(6) Discussion with Responsible Offerors and Revisions to Proposals. As provided in the request for proposals, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of clarification to assure full understanding of, and conformance to, the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of the identity of competing offerors or of any information derived from proposals submitted by competing offerors.

(7) Award. Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the County, taking into consideration price and the evaluation factors set forth in the request for proposals. No contract shall be awarded to any bidder that is in arrears to the County on any debt, contract, or is default on surety to the County. The proposal file shall contain the basis on which the award is made.

The Board of County Commissioners will officially act on the recommendation for contract award by the Purchasing Department and the review committee during their weekly public session.

§3-103 Competitive Price Quotes (Dollar Value of Less than \$15,000 but more than \$2,000)

(1) Conditions for Use. For purchases less than \$15,000 but more than \$2,000, no less than three (3) businesses shall be solicited to submit written price quotations. Award shall be made to the business offering the lowest acceptable quotation. No contract shall be awarded to any bidder that is in arrears to the County on any debt, contract, or is in default on surety to the County. All contractors, insofar as legal and practical, will be required to have a Garrett County Trader's License or any other applicable state or local licenses. The names of the businesses submitting quotations, the date and the amount of each quotation shall be recorded and maintained as public record in accordance with Section 1-301 (Public Access to Purchasing Information).

§3-104 Competitive Price Quotes (Dollar Value of Less than \$2,000 but more than \$500)

(1) Conditions of Use. For purchases less than \$2,000 but more than \$500, no less than three (3) businesses shall be solicited via telephone, fax, email or over the Internet to submit quotations. Award shall be made to the business offering the lowest acceptable quotation. No contract shall be awarded to any bidder that is in arrears to the County on any debt, contract, or is in default on surety to the County. All contractors, insofar as legal and practical, will be required to have a Garrett County Trader's License or any other applicable state or local licenses. The names of the businesses submitting quotations, and the date and amount of each quotation, shall be recorded and maintained as a public record in accordance with Section 1-301 (Public Access to Purchasing Information)

§3-105 Small Purchases.

(1) General. Any purchase not exceeding \$500 may be made by the using department in accordance with the small purchase procedures authorized in this Section. Contract requirements shall not be purposely divided so as to constitute a small purchase under this Section.

(2) Small Purchases Under \$500. Each using department is authorized by the Purchasing Department to make purchases valued less than \$500 within the following guidelines. The using department shall verify that the commodity being purchased is not available through an existing contract with the County. If the commodity required by the using department is not available under an existing contract, the using department may purchase the commodity in the open market obtaining adequate and reasonable competition for the commodity.

§3-106 Sole Source Purchases.

A contract may be awarded without competition when the Purchasing Department determines in writing, after conducting a good faith review of available sources, that there is only one (1) source for the required supply, service, or construction item. The Purchasing Department shall conduct negotiations, as appropriate, as to price, delivery, and terms. A record of sole source purchases shall be maintained as a public record.

§3-107 Emergency Purchases.

Notwithstanding any other provisions of this Policy, the Purchasing Department may make or authorizes others to make emergency purchases of supplies, services, or construction items when there exists a threat to public health, welfare, or safety; provided that such emergency purchases shall be made with such competition as is practicable under the circumstances. After emergency purchases have

been made by others, a written determination of the basis for the emergency and for the selection of the particular contractor shall be forwarded to the Purchasing Agent to be included in the contract file. This information should also include the contractor's name, the amount and type of the contract and a listing of the item(s) purchased under the contract.

The provisions set forth in §30.21 of the County Code shall not apply to necessary repairs made in the case of emergency.

§3-108 Purchasing Used Equipment

Whenever the County Commissioners consider it in the best interest of the County to purchase or acquire used personal property, such acquisitions by the County Commissioners are specifically subject to those provisions set forth in §30.21 of the County Code and this §3-109. Under those circumstances, the County Commissioners may:

- (a) Acquire used personal property at an auction or at a public or private sale;
- (b) Lease used personal property; and
- (c) Enter into financing and lease agreement for used personal property that the County Commissioners could enter had the personal property been acquired or leased new.
- (d) Unless acquired at a public auction, the County Commissioners may not acquire used personal property if the price exceeds \$5,000 unless the County Commissioners first obtain two independent appraisals of the property. The independent appraisals shall be solicited by the County Facilities and Equipment Supervisor of the Garrett County General Services Department. However, if by resolution the County Commissioners declare that two (2) independent appraisals are not reasonably available, the County Commissioners may acquire the used personal property at a price not exceeding a documented published book value that generally would be accepted within the appropriate industry. The Resolution shall be adopted at a regular public session of the County Commissioners and shall indicate the efforts the County made to obtain independent appraisals and the source of the book value relied on in lieu of the independent appraisals.

The Purchasing Department shall be notified of a department's request to purchase used equipment and shall process the request in accordance with the guidelines outlined above.

§3-109 Purchase or Sale of Real Property

(1) Purchase of Real Property. Real property purchased for an essential or non-essential government function may be purchased only after two (2) independent appraisals are obtained for the property.

(2) Sale of Real Property. Real property purchased for use by an essential government function (i.e. Health Department, Roads Department, and Governmental Administration) must be disposed of in a competitive manner (i.e. Public Auction, Sealed Bids, etc.)

Real property purchased for non-essential government purposes (i.e. Economic Development) may be disposed of as prescribed by the Board of County Commissioners.

§3-110 Electronic Commerce

[Reserved]

§3-111 Cancellation of Invitations for Bids or Requests for Proposals.

An invitation for bids, request for proposals, or other solicitation may be cancelled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is for good cause and in the best interests of the County. The reasons therefore shall be made part of the contract file. Each solicitation issued by the County shall state that the solicitation may be cancelled and that any bid or proposal may be rejected in whole or in part for good cause when in the best interests of the County. Notice of cancellation shall be sent to all businesses solicited. The notice shall identify the solicitation, explain the reason for cancellation and, where appropriate, explain that an opportunity will be given to compete on any re-solicitation or any future purchase of similar items.

Part B-Qualifications and Duties

§3-201 Responsibility of Bidders and Offerors.

(1) ***Determination of Non-responsibility.*** If a bidder or offeror who otherwise would have been awarded a contract is found non-responsible, a written determination of non-responsibility, setting forth the basis of the finding, shall be prepared by the Purchasing Department. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such bidder or offeror. A copy of the determination shall be sent promptly to the non-responsible bidder or offeror. The final determination shall be made part of the contract file and be made a public record in accordance with Section 1-301 (Public Access to Purchasing Information)

(2) ***Right of Nondisclosure.*** Information furnished by a bidder or offeror pursuant to this Section shall not be disclosed by the County outside of the Purchasing Department, without prior written consent by the bidder or offeror.

§3-202 Cost or Pricing Data.

(1) ***Required Submissions Relating to the Award of Contracts.*** A prospective contractor shall submit cost or pricing data when the contract is expected to exceed \$15,000 and is to be awarded by competitive sealed proposals (Section 3-102; Competitive Sealed Proposals), or by sole source purchasing authority (Section 3-106; Sole Source Purchases).

(2) ***Exceptions.*** The submission of cost or pricing data relating to the award of a contract is not required when:

- (a) the contract price is based on adequate price competition;
- (b) the contract price is based on established catalogue prices or market prices;
- (c) the contract price is set by law or regulation; or
- (d) it is determined in writing by the Purchasing Department that the requirements of Section 3-202(1) (Cost or Pricing Data; Required Submissions Relating to the Award of Contracts) may be waived, and the determination states the reasons for such waiver.

(3) ***Required Submissions Relating to Change Orders or Contract Modifications.*** A contractor

shall submit cost or pricing data prior to the pricing of any change order or contract modification, including adjustments to contracts awarded by competitive sealed bidding, whether or not cost or pricing data was required in connection with the initial pricing of the contract, when the change or modification involves aggregate increases or aggregate decreases in costs plus applicable profits.

(4) Exceptions. The submission of cost or pricing data relating to the pricing of a change order or contract modification is not required when:

- (a) unrelated and separately priced adjustments for which cost or pricing data would not be required are consolidated for administrative convenience; or
- (b) it is determined in writing by the Purchasing Department that the requirements of Section 3-202(3) (Cost or Pricing Data; Required Submissions Relating to Change Orders or Contract Modifications) may be waived, and the determination states the reasons for such waiver.

(5) Certification Required. A contractor, actual or prospective, required to submit cost or pricing data in accordance with this Section, shall certify that, to the best of its knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually specified date prior to the award of the contract or the pricing of the change order or contract modification.

(6) Price Adjustment Provision Required. Any contract award, change order, or contract modification under which the submission and certification of cost or pricing data are required shall contain a provision stating that the price to the County, including profit or fee, shall be adjusted to exclude any significant sums by which the County finds that such price was increased because the contractor-furnished cost or pricing data was inaccurate, incomplete, or not current as of the date agreed upon between the County and the contractor.

§3-203 Cost or Price Analysis.

A cost analysis or a price analysis, as appropriate, shall be conducted prior to award of the contract other than one awarded under Section 3-101 (Competitive Sealed Bidding). A written record of such cost analysis or price analysis shall be made a part of the contract file.

§3-204 Bid and Performance Bonds on Supply or Service Contracts.

Bid and performance bonds or other security may be requested for supply contracts or service contracts as the Purchasing Department or head of a using department deems advisable to protect the County's interests. Any such bonding requirements shall be set forth in the solicitation. Bid or performance bonds shall not be used as a substitute for a determination of a bidder or offerors responsibility.

Part C-Types of Contracts and Contract Administration

§3-301 Types of Contracts.

(1) General Authority. Subject to the limitations of this Section, any type of contract that is appropriate to the purchase and which will promote the best interests of the County may be used, provided that the use of a cost-plus-a-percentage-of-cost contract is prohibited. This contract is not allowed to be used by the U.S. Government and state and local jurisdictions according to the National

Institute of Government Purchasing. A cost reimbursement contract may be used if such contract is likely to be less costly to the County than any other type or that it is impracticable to obtain the supply, service, or construction item required except under such a contract.

(2) Multi-Term Contracts.

- (a) **Specified Period.** Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the County, provided the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefore.
- (b) **Determination Prior to Use.** Prior to the utilization of a multi-term contract, it shall be determined in writing:
 - (i) that estimated requirements cover the period of the contract and are reasonably firm and continuing; and
 - (ii) that such a contract will serve the best interests of the County by encouraging effective competition or otherwise promoting economies in County purchasing.
- (c) **Cancellation Due to Unavailability of Funds in Succeeding Fiscal Periods.** When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract may be cancelled and the contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under the contract. The cost of cancellation may be paid from any appropriations available for such purposes.

(3) Multiple Source Contracting.

- (a) **General.** A multiple source award is an award of an indefinite quantity contract for one or more similar supplies or services to more than one bidder or offeror. The obligation to order the County's actual requirements is limited by the provision of the Uniform Commercial Code Section 2-306(1).
- (b) **Limitations on Use.** A multiple source award may be made when award to two or more bidders or offerors for similar products is necessary for adequate delivery, service, or product comparability. Any multiple source award shall be made in accordance with the provisions of Section 3-101 (Competitive Sealed Bidding), Section 3-102 (Competitive Sealed Proposals), Section 3-103 (Competitive Price Quotes), Section 3-104 (Small Purchases), and Section 3-106 (Emergency Purchases), as applicable. Multiple source awards shall not be made when a single award will meet the County's needs without sacrifice of the economy or service. Awards shall not be made for the purpose of dividing the business, making available product or supplier selection to allow for user preference unrelated to utility or economy, or avoiding the resolution of tie bids. Any such awards shall be limited to the least number of suppliers necessary to meet the valid requirements.
- (c) **Contract and Solicitation Provisions.** To the extent possible, all eligible users of the contract shall be named in the solicitation, and it shall be mandatory that the actual

requirements of such users that can be met under the contract be obtained in accordance with the contract, provided that:

- (i) the County shall reserve the right to take bids separately if a particular quantity requirement arises which exceeds its normal requirement or an amount specified in the contract; and
 - (ii) the County shall reserve the right to take bids separately if the Purchasing Department approves a finding that the supply or service available under the contract will not meet a nonrecurring special need of the County.
- (d) ***Intent to Use.*** If a multiple source award is anticipated prior to issuing a solicitation, the County shall reserve the right to make such an award and the criteria for award shall be stated in the solicitation.
- (e) ***Determination Required.*** The Purchasing Department shall make a written determination setting forth the reasons for a multiple source award, which shall be made a part of the purchasing file.

§3-302 Contract Clauses and Their Administration.

(1) Contract Clauses. All County contracts for supplies, services, and construction shall include provisions necessary to define the responsibilities and rights of the parties to the contract. The Purchasing Department, after consultation with the County Attorney, may issue clauses appropriate for supply, service, or construction contracts, addressing among others the following subjects:

- (a) the unilateral right of the County to order in writing changes in the work within the scope of the contract;
- (b) the unilateral right of the County to order in writing temporary stopping of the work or delaying performance that does not alter the scope of the contract;
- (c) variations occurring between estimated quantities of work in contract and actual quantities;
- (d) defective pricing;
- (e) liquidated damages;
- (f) specified excuses for delay or nonperformance;
- (g) termination of the contract for default;
- (h) termination of the contract in whole or in part for the convenience of the County;
- (i) suspension of work on a construction project ordered by the County; and
- (j) site conditions differing from those indicated in the contract, or ordinarily encountered, except that a differing site conditions clause need not be included in a contract:
 - (i) when the contract is negotiated;
 - (ii) when the contractor provides the site or design; or
 - (iii) when the parties have otherwise agreed with respect to the risk of differing site conditions.

(2) Price Adjustments.

- (a) Adjustments in price resulting from the use of contract clauses required by Subsection (1) of this Section shall be computed in one or more of the following ways:

- (i) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
- (ii) by unit prices specified in the contract or subsequently agreed upon;
- (iii) by the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;
- (iv) in such other manner as the contracting parties may mutually agree; or
- (v) in the absence of agreement by the parties, by a unilateral determination by the County of the costs attributable to the events or situations under such clauses with adjustment of profit or fee as computed by the County, as accounted for in accordance with cost principles and subject to the provisions of Article 9 (Appeals and Remedies).

(b) A contractor shall be required to submit cost or pricing data if any adjustment in contract price is subject to the provisions of Section 3-202 (Cost or Pricing Data).

(3) Standard Clauses and Their Modification. The Purchasing Department, after consultation with the County Attorney, may establish standard contract clauses for use in County contracts. If the Purchasing Agent establishes any standard clauses addressing the subjects set forth in Subsection (1) of this Section, such clauses may be varied provided that any variations are supported by a written determination that states the circumstances justifying such variations, and provided that notice of any such material variation be stated in the invitation for bids or request for proposals.

§3-303 Contract Administration.

A contract administration system designed to insure that a contractor is performing in accordance with the solicitation under which the contract was awarded, and the terms and conditions of the contract, shall be maintained.

§3-304 Cost Reimbursement Provisions.

[Reserved]

§3-305 Approval of Accounting System.

Except with respect to firm fixed-price contracts, no contract type shall be used unless it has been determined in writing by the Purchasing Department that:

- (a) the proposed contractors accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated; and
- (b) the proposed contractor's accounting system is adequate to allocate costs in accordance with generally accepted cost accounting principles.

§3-306 Right to Inspect Plant.

The County may, at reasonable times, inspect the part of the plant, place of business, or worksite of a contractor or subcontractor at any tier which is pertinent to the performance of any contract awarded or to be awarded by the County.

§3-307 Right to Audit Records.

(1) *Audit of Cost or Pricing Data.* The County may at reasonable times and places, audit the books and records of any contractor who has submitted cost or pricing data pursuant to Section 3-202 (Cost or Pricing Data) to the extent that such books, documents, papers, and records are pertinent to such cost or pricing data. Any person who receives a contract, change order, or contract modification for which cost or pricing data is required, shall maintain such books, documents, papers, and records that are pertinent to such cost or pricing data for one (1) year from the date of final payment under the contract.

(2) *Contract Audit.* The County shall be entitled to audit the books and records of a contractor or a subcontractor at any tier under any negotiated contract or subcontract other than a firm fixed price contract to the extent that such books, documents, papers, and records are pertinent to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of one year from the date of final payment under the prime contract and by the subcontractor for a period of one (1) year from the date of final payment under the subcontract.

§3-308 Reporting of Anti-competitive Practices.

When for any reason collusion or other anti-competitive practices are suspected among any bidders or offerors, a notice of the relevant facts shall be transmitted to the State Attorney General.

§3-309 County Purchasing Records.

(1) *Contract File.* All determinations and other written records pertaining to the solicitation, award, or performance of a contract shall be maintained for the County in a contract file by the Purchasing Department.

(2) *Retention of Purchasing Records.* All purchasing records shall be retained and disposed of by the County in accordance with records retention guidelines and schedules approved by the Board of Garrett County Commissioners.

§3-310 Contractor Records.

If a contract is being funded in whole or in part by assistance from a federal agency, then the contract shall include provisions:

- (a) requiring the contractor and subcontractors at any tier to maintain for three (3) years or as amended from the date of final payment under the contract all books, documents, papers, and records pertinent to the contract; and
- (b) requiring the contractor and subcontractor at any tier to provide to the County, the federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives access to such books, documents, papers, and records for the purposes of examining, auditing, and copying them.

§3-311 Patents.

If a contract involving research and development, experimental, or demonstration work is being funded in whole or in part by assistance from a federal agency, then the contract shall include provisions:

- (a) giving notice to the contractor of the applicable grantor agency requirements and regulations concerning reporting of, and rights to any discovery or invention arising out of the contract; and
- (b) requiring a contractor to include a similar provision in all subcontracts involving research and development, experimental, or demonstration work.

§3-312 Copyrights and Rights in Data.

If a contract is being funded in whole or in part by assistance from a federal agency, then the contract shall include a provision giving the contractor notice of the applicable regulations concerning the rights of the United States to any plans, drawings, specifications, computer programs, technical reports, operating manuals, and similar work products developed and paid for under the contract.

§3-313 Notice of Federal Public Policy Requirements.

If the contract is being funded in whole or in part by assistance from a federal agency, and the contract is subject to one or more federal public policy requirements, such as:

- (a) equal employment opportunity;
- (b) fair labor standards;
- (c) energy conservation;
- (d) environmental protection; or
- (e) other similar socioeconomic programs, then, the Purchasing Department shall include contract provisions giving the contractor notice of these requirements, and where appropriate, including in those contract provisions the requirement that the contractor give a similar notice to all of its subcontractors.

ARTICLE 4-SPECIFICATIONS

§4-101 Maximum Practicable Competition.

All specifications shall be drafted so as to promote overall economy for the purposes intended and encourage competition in satisfying the County's needs, and shall not be unduly restrictive. The Policy enunciated in this Section applies to all specifications including but not limited to, those prepared for the County by architects, engineers, designers, and draftsmen.

§4-102 Qualified Products List

(I) Use. Qualified products lists are an approved list of supplies, services or construction items, described by model or catalogue numbers, which prior to competitive solicitation, the jurisdiction has determined will meet the applicable specification requirements.

§4-103 Brand Name or Equal Specification.

(1) *Use.* Brand name or equal specifications may be used when the Purchasing Department determines in writing that:

- (a) no other design or performance specification or qualified products list is available;
- (b) time does not permit the preparation of another form of purchase description, not including a brand name specification;
- (c) the nature of the product or the nature of the County's requirements makes use of a brand name or equal specification suitable for purchasing; or
- (d) use of a brand name or equal specification is in the County's best interests.

(2) *Designation of Several Brand Names.* Brand name or equal specifications shall seek to designate as many different brands as are practicable, as "or equal" references and shall further state that substantially equivalent products to those designated will be considered for award.

(3) *Required Characteristics.* Unless the Purchasing Department determines in writing that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional, or performance characteristics which are required.

(4) *Nonrestrictive Use of Brand Name or Equal Specifications.* Where a brand name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition.

§4-104 Brand Name Specification.

(1) *Use.* Since use of a brand name specification is restrictive of product competition, it may be used only when the Purchasing Department makes a written determination that only the identified brand name item or items will satisfy the County's needs.

(2) *Competition.* The Purchasing Department shall seek to identify sources from which the designated brand name item or items can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable. If only one source can supply the requirement, the purchase shall be made under Section 3-107 (Sole Source Purchases).

§4-105 Buy American

If a contract is being funded in whole or in part by assistance from a federal agency, then the County shall adhere to the appropriate "Buy American" requirements of the federal agency providing the assistance.

§4-106 Energy Conservation.

If a contract is being *funded* in whole or in part by assistance from a federal agency, then the County's solicitation shall seek to promote energy conservation and shall comply with any mandatory standards and policies which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Public Law 94-163).

ARTICLE 5-PURCHASE OF CONSTRUCTION, ARCHITECT-ENGINEER AND LAND SURVEYING SERVICES

Part A-Management of Construction Contracting

§5-101 Responsibility for Selection of Methods of Construction and Contracting Management.

The Purchasing Department and/or the head of the using department responsible for the construction project shall have discretion to select the appropriate method of construction contracting management for a particular project. In determining which method to use, the Purchasing Department and/or head of the using department shall consider the County's requirements, its resources, and the potential contractor's capabilities. The Purchasing Department shall execute, and include in the contract file a written statement setting forth the facts which led to the selection of a particular method of construction contracting management for each project.

Part B-Bid Security and Performance Bonds

§5-201 Bid Security

(1) Requirement for Bid Security. Bid security may be required for all competitive sealed bidding for construction contracts when the price is estimated by the Purchasing Department to exceed \$25,000. Bid security shall be a bond provided by a surety company authorized to do business in the State of Maryland, or the equivalent in cash, or otherwise supplied in a form satisfactory to the County. Nothing herein shall prevent the requirement of such bonds on construction contracts under \$25,000 when the circumstances warrant.

(2) Bid Security Waiver. The Board of County Commissioners acting through the Purchasing Department reserves the right to waive bid security if it is in the County's best interests to do so.

(3) Amount of Bid Security. Bid security shall be in an amount equal to at least 5% of the amount of the bid.

(4) Rejection of Bids for Noncompliance with Bid Security Requirements. When an invitation for bids requires security, noncompliance requires that the bid be rejected unless it is determined that the bid fails to comply only in a non-substantial manner with the security requirements.

(5) Withdrawal of Bids. If a bidder is permitted to withdraw its bid before award as provided in Section 3-101(6) (Competitive Sealed Bidding; Correction or Withdrawal of Bids; Cancellation of Awards), no action shall be had against the bidder or the bid security.

§5-202 Contract Performance and Payment Bonds.

(1) When Required-Amounts. When a construction contract is awarded in excess of \$25,000, the

following bonds or security may be required by the County and shall become binding on the parties upon the execution of the contract:

- (a) a performance bond satisfactory to the County, executed by a surety company authorized to do business in the State of Maryland or otherwise secured in a manner satisfactory to the County, in an amount equal to one hundred percent (100%) of the price specified in the contract; and
- (b) a payment bond satisfactory to the County, executed by a surety company authorized to do business in the State of Maryland or otherwise secured in a manner satisfactory to the County, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to one hundred percent (100%) of the price specified in the contract.

(2) Bond Waiver. The Board of County Commissioners acting through the Purchasing Department reserves the right to waive bonding requirements if it is in the County's best interests to do so.

(3) Reduction of Bond Amounts. After notice to the Board of Garrett County Commissioners, the Purchasing Department is authorized to reduce the amount of performance and payment bonds to fifty percent (50%) of the contract price for each bond when a written determination is made that it is in the best interests of the County to do so.

(4) Authority to Require Additional Bonds. Nothing in this Section shall be construed to limit the authority of the County to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in Subsection (1) of this Section.

(5) Suits on Payment Bonds-Right to Institute. Unless otherwise authorized by law, any person who has furnished labor or material to the contractor or subcontractors for the work provided in the contract, for which a payment bond is furnished under this Section, and who has not been paid in full within ninety (90) days from the date on which that person performed the last of the labor or supplied the material, shall have the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due that person. However, any person having a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bond, shall have a right of action upon the payment bond upon giving written notice to the contractor within ninety (90) days from the date on which that person performed the last of the labor or supplied the material. That person shall state in the notice the amount claimed and the name of the party to whom the material was supplied or for whom the labor was performed. The notice shall be served personally or by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

(6) Suits on Payment Bonds-Where and When Brought. Unless otherwise authorized by law, every suit instituted upon a payment bond shall be brought in a court of competent jurisdiction for the county or district in which the construction contract was to be performed.

§5-203 Copies of Bond Forms.

Any person may request and obtain from the County a certified copy of a bond upon payment of the cost of reproduction of the bond and postage, if any. A certified copy of a bond shall be prima facie evidence of the contents, execution, and delivery of the original.

Part C-Fiscal Responsibility

§5-301 Fiscal Responsibility.

Every contract modification, change order, or contract price adjustment under a construction contract with the County shall be subject to approval by the Board of County Commissioners. If funding is provided by a Federal or State funding source additional approval may be required by that source.

Part D-Architectural-Engineering and Land Surveying Services

§5-401 Public Announcement and Selection Process.

(1) Public Announcement. It is the policy of the County to announce publicly all requirements for architectural-engineering and land surveying services contracts estimated at \$15,000 or more and to negotiate such contracts on the basis of demonstrated competence and qualifications at fair and reasonable prices. Adequate public notice of the request shall be given a reasonable notice, not less than fifteen (15) calendar days from the receipt of the proposals. Such notice shall include publication in a newspaper of general circulation for a minimum period of two (2) weeks. In the purchase of architectural-engineering and land surveying services, the Purchasing Department shall request firms to submit a request for proposal including a statement of qualifications and other pertinent information.

(2) Selection Process. A Selection Committee assembled by the Purchasing Department and the using department will individually read, review and evaluate proposals received based on the evaluation criteria listed in the request for proposals. Once individual evaluations are complete, a short list is generated from the individual evaluations. The Selection Committee may choose to interview any or all of the shortlisted firms as part of the selections process.

(3) Negotiation. The Selection Committee shall negotiate a contract with the firm considered to be the most qualified for architectural-engineering or land surveying services at compensation which the Selection Committee determines in writing to be fair and reasonable to the County. In making this decision, the Selection Committee shall take into account the estimated value, the scope, the complexity, and the professional nature of the services to be rendered. Should the Selection Committee be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the Selection Committee determines to be fair and reasonable to the County, negotiations with that firm shall be formally terminated. The Selection Committee shall then undertake negotiations with the next most qualified firm and so on until a contract can be negotiated at a fair and reasonable price.

(4) Award. The Selection Committee will make a recommendation for contract award to the Purchasing Department. The Purchasing Department will review the recommendation of the Selections Committee and present it to the Board of County Commissioners during its weekly Public Session for final approval.

ARTICLE 6-DEBARMENT OR SUSPENSION

§6-101 Authority to Debar or Suspend.

After reasonable notice to the person involved and reasonable opportunity for that person to be heard, the Purchasing Department, after consulting with the County Attorney and the Board of County Commissioners, is authorized to debar a person for cause from consideration for award of contracts. The debarment shall be for a period of not more than three (3) years. After consultation with the County Attorney, the Purchasing Department is authorized to suspend a person from consideration for award of contracts if there is probable cause to believe that the person has engaged in any activity which might lead to debarment. The causes for debarment include:

- (a) conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;
- (b) conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a County contractor;
- (c) conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;
- (d) violation of contract provisions, as set forth below, of a character which is regarded by the Purchasing Department to be so serious as to justify debarment action:
 - (i) deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or
 - (ii) a recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts; provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for debarment;
- (e) any other cause the Purchasing Department determines to be so serious and compelling as to affect responsibility as a County contractor, including debarment by another governmental entity for any cause listed in this Policy; and
- (f) for violation of the ethical standards set forth in Article 12 (Ethics in Public Contracting).

§6-102 Decision to Debar or Suspend.

The Purchasing Department shall issue a written decision to debar or suspend. The decision shall state the reasons for the action taken and inform the debarred or suspended person involved of its rights concerning judicial or administrative review.

§6-103 Notice of Decision.

A copy of the decision required by Section 6-102 (Decision to Debar or Suspend) shall be mailed or otherwise furnished immediately to the debarred or suspended person.

§6-104 Finality of Decision.

§10-102 Authorization to Purchase from Western Maryland Cooperative Purchasing Agreement

On June 1, 1990, the Board of Garrett County Commissioners entered into a cooperative purchasing agreement with Allegany, Frederick and Washington Counties to form the Western Maryland Regional Cooperative Purchasing Agreement. The Western Maryland Cooperative Purchasing Agreement establishes a committee of purchasing organizations (representatives) in Western Maryland who have agreed to join and adhere to a standard set of procedures. The objective of this Agreement is to allow one organization to issue solicitations for a particular requirement, the specifications of which would represent the needs of all participating organizations. Each participant would then make its own individual award to the successful bidder or offeror. This objective has the effect of lowering administrative costs by participating organizations, avoiding duplication of effort, obtaining better prices through economies of scale, allowing for the exchange of information and expertise, and providing a forum to evaluate the quality of goods and services. It has further benefits of encouraging product improvement and standardization, promoting exchange of technical information and management techniques, and providing a forum for common problem solving. Participation within the WMCPA is voluntary and each participating organization determines for itself whether or not to take part in any cooperative purchasing initiative. The authority to engage in cooperative purchase programs and this agreement is found in each organization's, law, code, ordinance or policy, plus the State Laws of Maryland.
