BOARD OF GARRETT COUNTY COMMISSIONERS PUBLIC MEETING September 30, 2013

IN ATTENDANCE

Chairman Robert G. Gatto
Commissioner Gregan T. Crawford
Commissioner James M. Raley

County Administrator R. Lamont Pagenhardt

PUBLIC SESSION

CALL TO ORDER OF PUBLIC SESSION

PRAYER & PLEDGE OF ALLEGIANCE

The Board of Commissioners scheduled this Special Public Meeting for the exclusive purpose of taking action and reviewing financial matters relative to the Garrett County Public School System. This review and subsequent approval by the Board of County Commissioners will include authorization and designation of Fiscal Year 2013 carryover funds and open discussion on the appropriation level of County funding for Fiscal Year 2015.

On September 23, 2013 the County Administrator and Department of Financial Services staff received financial documentation and justification from the School System that was requested relative to non-recurring costs, justification for the actual carryover amount, and an analysis of supplemental one time needs. The County Administrator and Department of Financial Services staff evaluated this information which was combined with the overall comprehensive County Government revenue projections. The Board of Education required a determination from the Board on this date to be in compliance with auditing regulations.

Commissioner Crawford entered a motion to allow the Board of Education to retain the total amount of carryover in the amount of \$820,868 from Fiscal Year 2013 to Fiscal Year 2014 with the condition that these funds be restricted and expended for the exclusion priority expenditure as listed in the Analysis of Supplemental "One Time" Needs. (This analysis is included with these minutes as Exhibit 1). The motion was seconded by Commissioner Raley and opened up for discussion from the Board and the public. Chairman Gatto affirmed the action of approval by making it unanimous. Further discussion on public education funding matters to include Fiscal Year 2015 appropriation will be taken under advisement pending the Garrett County Public School System Facility Study is complete by the end of October.

Public Commentary. Opinions, questions, and input were provided from those in attendance.

ADJOURNMENT

Attest:	By Order of the Board,		
R. Lamont Pagenhardt,	Robert G. Gatto, Chairman		
County Administrator	Board of County Commissioners
